Re-Education

Recognition of Acquired Competencies

The recognition of acquired competencies (RAC) is a process that allows an individual with skills gained through life or work experience to obtain official recognition of their competencies in relation to a program of study.

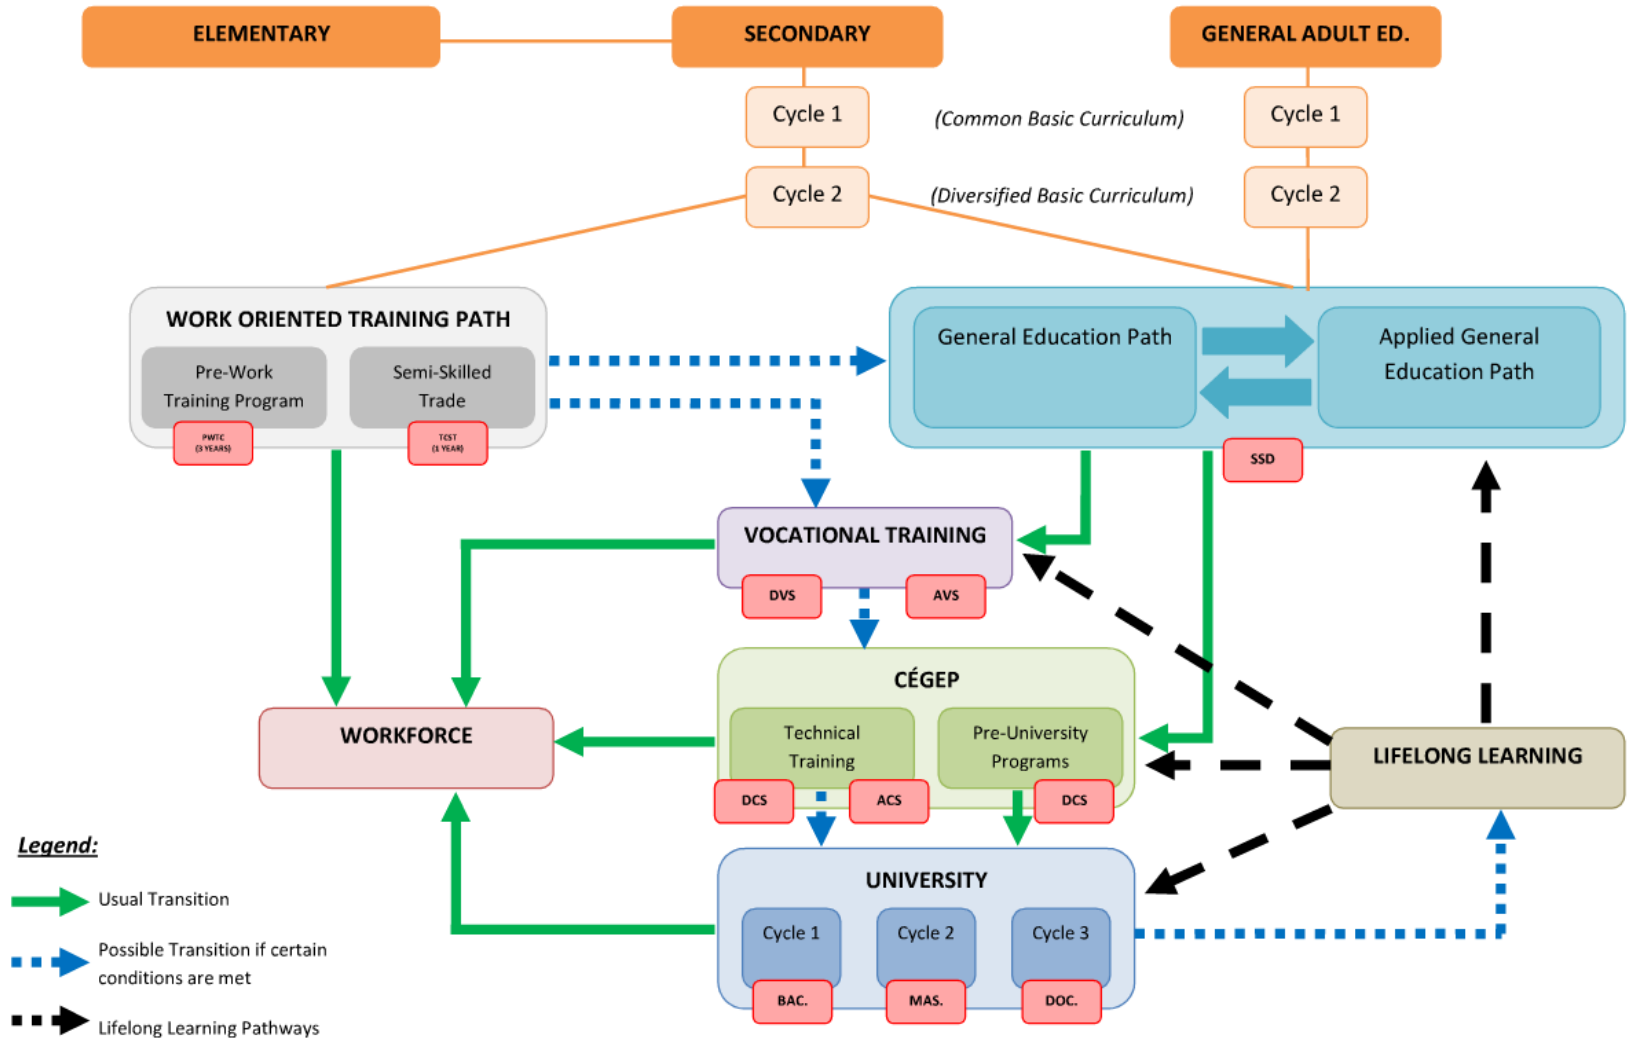

The RAC Process

Clientele

Quebec's Education System Learning Paths (Youth & Adult Sectors)

Visits

Students can register for "student for a day", and visit the centre (and program of their choice)

Advisors and other professionals can make visits to individual schools with custom presentations

Group visits and individual visits can be arranged at each of our centres
